

Team Building Jigsaw Puzzle Assembly Instructions

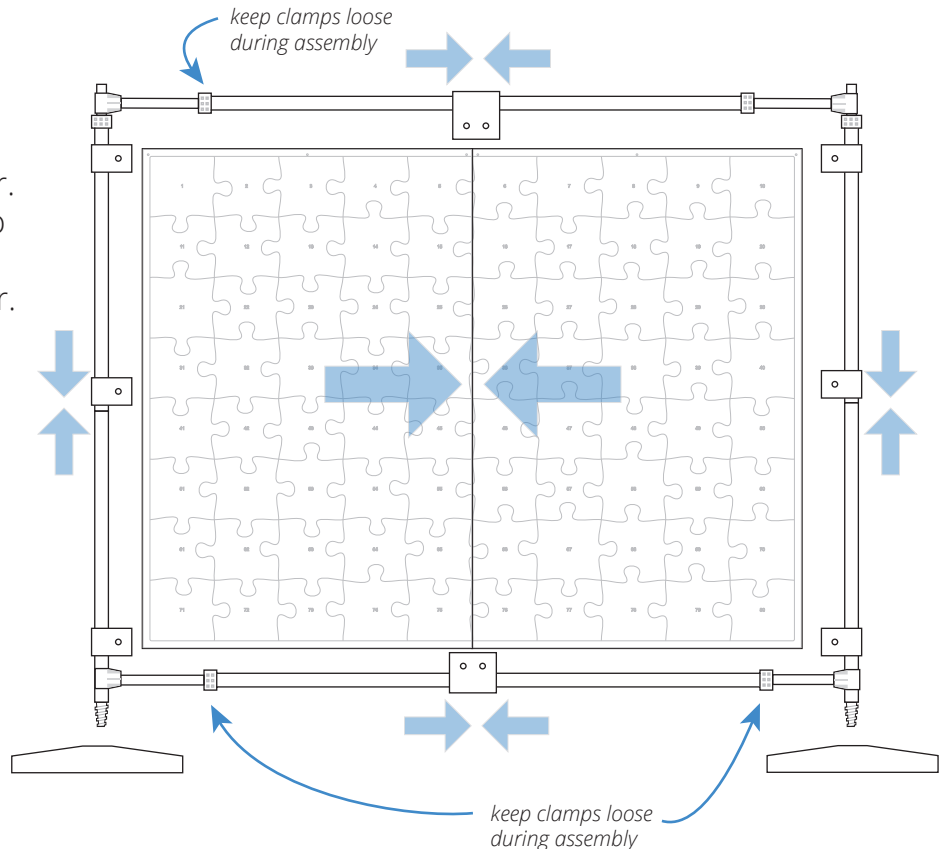

Step One

Arrange all components on floor face up. Slide clips on pole sections. All clips with single holes are on vertical sections. Double hole clips are on horizontal sections.

Step Two

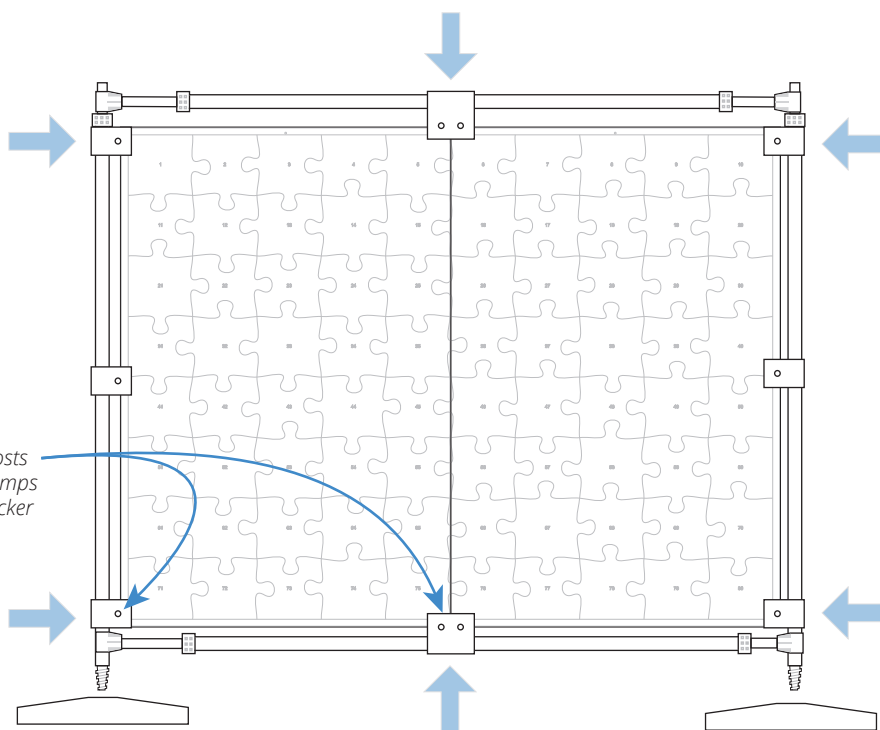

Slide all pole sections together. Attach top and bottom bars to vertical upright sections. Slide puzzle backer boards together.

Step Three

Shorten all poles and slide clips onto puzzle backer boards. Install with included screw posts from front and secure with screw on back leaving a clean look on front.

Use screw posts to secure clamps to puzzle backer

Step Four

Tighten all screws and clamps on poles. Screw on feet. Using two or three people, stand upright making sure to spin feet to point forward and back to increase stability.

Tighten all clamps

Screw on feet, make sure they point forward and back
