

# CUSTOM 3D USB DRIVE

## Product Features

- Make virtually any product into a USB drive
- Easy to order — send us a few product photos and we take care of 3D modeling, tooling, and production
- Durable PVC-resin material can be molded into any shape
- Latest high-speed memory chips with lifetime guarantee
- FREE data loading and non-eraseable partitions
- Competitive and simple pricing – no hidden charges
- Fast delivery time in about 30 days from start to finish

## Specifications

Material: PVC-Resin (shown), wood, ABS plastic, metal

Capacity: 1GB to 16GB, other capacities available

Size: Any size, usually up to 4"x2"x1.5"

MOQ: 100 pieces

## Pricing

Prices include 3D modeling, tooling, and production from customer supplied product photos or technical drawings. Prices are "per unit" based on quantities listed.

Cap\Qty	100	250	500	1000
1GB	\$11.99	\$10.99	\$9.99	\$8.99
2GB	\$12.99	\$11.99	\$10.99	\$9.99
4GB	\$13.99	\$12.99	\$11.99	\$10.99
8GB	\$14.99	\$13.99	\$12.99	\$11.99
16GB	\$19.99	\$28.99	\$17.99	\$16.99

## What to Supply for Modeling

High-res product photos from different angles or PDF artwork. Please specify any Pantone numbers for color matching.

## Turnaround Time

Standard turnaround time is approximately 30 days from start to finish. Exact turnaround time may vary depending on project complexity.
