Customer Testimonials

The G5 Case is fantastic, I'm trying to talk my third grade teachers into selecting these currently.

~ Alan N., McFarland, WI

I bought an iPad Air last May, and a week before I ordered and received the iGear Flip Turn Bluetooth Keyboard Case on blind faith that it would be the ideal accessory to the new device. As it turned out, it was everything I could have expected and in fact I don't consider my iPad a complete unit without it.

~ Tom G., Dallas, TX

Thankyou so much! I really appreciate your commitment to customer service.

~ Irene M., Colorado Springs, CO

I really love the flexibility of flipping and turning, and the keyboard is nicely responsive.

~ Tracy L., Brampton, Ontario, Canada

Once again you are a company that has exceeded my expectations, thank you. I will continue to promote iGear with my friends. Many of our homeschooling friends have already bought cases after they saw ours.

~ Corina S., Colorado Springs, CO

Just want to say thank you very much for sending out replacement screen protectors for our iPad's and iPad Airs. You guys are the best and we will defiantly be ordering more cases in the future!

~ Matt M., Pensacola, FL

We use an iPad to control the sound board at the chapel of the resurrection at Valparaiso university. It allows out sound people to move through out the space as they check for balance etc. and your case is making it possible to do that without fear of damage

~ James, W., Valparaiso, IN

We have not had one iPad break with your case on that students have used!

~ Melinda D., Hot Springs, AZ

[Lifetime Warranty Replacement] Really???? Oh my goodness! J I was DEVASTATED when I snapped that case!!! It was the second to last case, too!!! I didn't have too much trouble with any of the others... ugh! Thank you! Thank you! Thank you! Do you want me to send you the broken one?

~ Carrie N., Lincoln, NE

We have been using this type of case since May and we love them. They are very durable and we have been able to minimize any damage caused.

~ Quisha R., Phoenix, AZ

Our teachers LOVE the iPad cases from your company. We are going to be ordering a few more. 1 green, 4 blue, 5 red and 5 yellow with the decals also. I will do a purchase order by tomorrow and send that to your company. Thanks for your help in getting the blue ones so quickly.

~ Dee C., Canton, GA

I received the shipment of iPad cases we ordered and I just want to say that they are ABSOLUTELY FABULOUS and precisely what I was looking for! I am pleased with the design and construction of the cases. I recently bought the Bretford charging stations for our iPads and the cases fit PERFECTLY! I will be recommending your products to all the technology personnel in all the school districts I speak with regularly.

~ Michael A., North Arlington, NJ

I have been using the keyboard and it is great. It was exactly what I was looking for. I use the iPad for taking notes but hate having to take it out of the case to use it as a tablet. Now I don't have to.

~ John S., Sheboygan, WI

If you are want to make an iPad part of your business routine, but also want to be able to carry papers with you, the Business Leather Portfolio from Sunrise Hitek should meet your needs.

~ Todd Bernhard, iPhone Life magazine
