Why We Do It Better:

- Transparent 4-color process ink over bright silver foil creates thousands of brilliant metallic colors
- Amazing details with no limitation on artwork intricacy
- Spot white ink allows true-color printing in select areas
- Gloss UV coating enhances the foil look and protects ink from scuffing and scratching
- Metallic foil labels with kiss-cutting also available
- Fast turnaround, saves time and money over conventional foil stamping
- G7 Qualified Master Printer for consistent and accurate color reproduction
